	Enriched Learning: • E5: Decimals • E6: Algebra • E7: Ratio and Proportion	NA	NA

Note: As per the revised curriculum and new textbooks, some chapters that were earlier part of **Grade 6** have now been shifted to **Grade 7 and Grade 8**. To bridge this transition and make students familiar with these concepts in advance, these chapters have been included as a **separate Enriched Learning section** in the Learning Companion.

The purpose of the Enriched Learning section is to introduce key concepts and prepare students for learning in higher grades. These chapters are meant only for **concept enhancement** and **will not be included in assessment**.

A total of **30 instructional periods** have been allocated for Enriched Learning:

- **15 periods in Term I**
- **15 periods in Term II**

These periods will be used alongside regular chapters to introduce and reinforce concepts. **Lesson plans will be provided** to support effective classroom implementation during these periods.

This initiative aims to ensure smooth academic progression and better conceptual readiness of students for **Grades 7 and 8**.
